

GENOSYS EyeCell EYE PEPTIDE GEL PATCH

EyeCell EYE PEPTIDE GEL PATCH

Concept

GENOSYS EyeCell EYE PEPTIDE GEL PATCH soothes and moisturizes the skin around eyes that went through dermatological procedures or natural aging.
[NET WT. 101g]

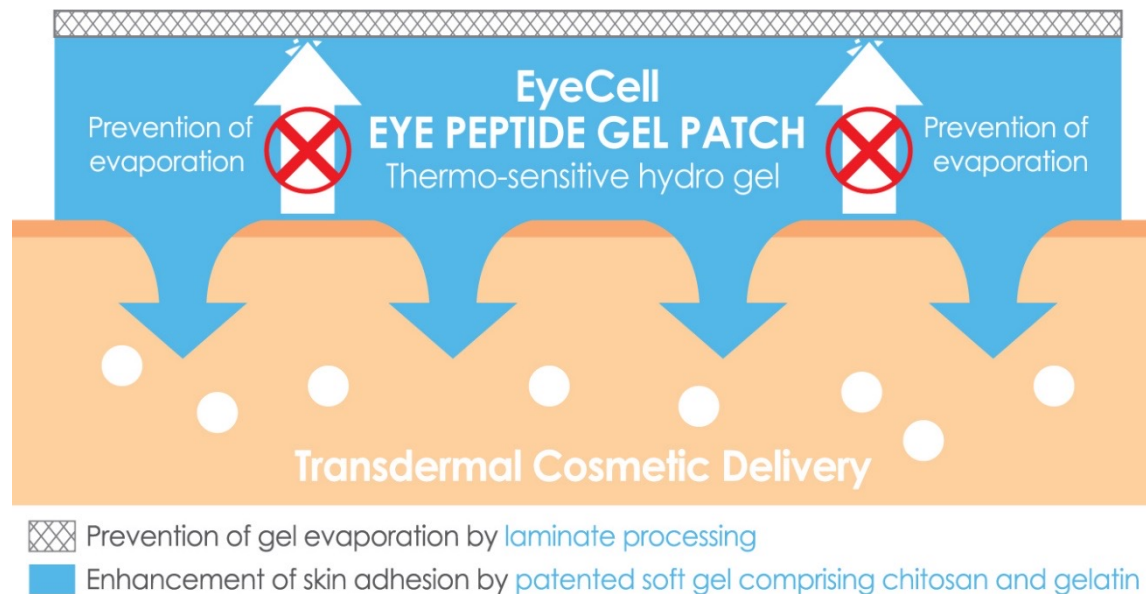

- ☑ Anti-wrinkle
- ☑ Anti-dark circle
- ☑ Eyebag relief
- ☑ Moisturizing
- ☑ Cooling & soothing

EyeCell EYE PEPTIDE GEL PATCH

Mechanism of Hydrogel

When the patch is applied to the skin, the temperature rises due to body temperature and the hydrogel composition is changed into a fluid state, so that the adhesion to the mask is improved, and the effective ingredients are rapidly delivered into the skin.

EyeCell EYE PEPTIDE GEL PATCH

Comparison

	Old version	New version
Volume	NET WT. 98g / 3.46 oz	NET WT. 101g / 3.56 oz
Improvement	<p>1) The elasticity of the patch is improved for a better resistance. The fragility is much lower so that the application is more practical.</p> <p>2) Renewed product is approved as a 'functional product effective for anti-wrinkle and skin brightening' by KFDA.</p> <p>3) Renewed product is made of patented 'temperature-sensitive hydrogel'.</p>	
Packaging	 <p>Lid and spoon are packed separately.</p>	 <p>Lid and spoon are included in the container.</p>

EyeCell EYE PEPTIDE GEL PATCH

How to Use

1. Apply 2 patches under the eyes.
2. After 20 ~ 40 minutes, remove the patches and gently pat for absorption.
3. For more intensive treatment effect, the patches can be applied on the upper part (eyebrow area). In case of this usage, 4 patches should be used for 1 treatment.

* After use, close the lid and cap securely and keep it completely sealed.

GENOSYS EyeCell EYE PEPTIDE GEL PATCH

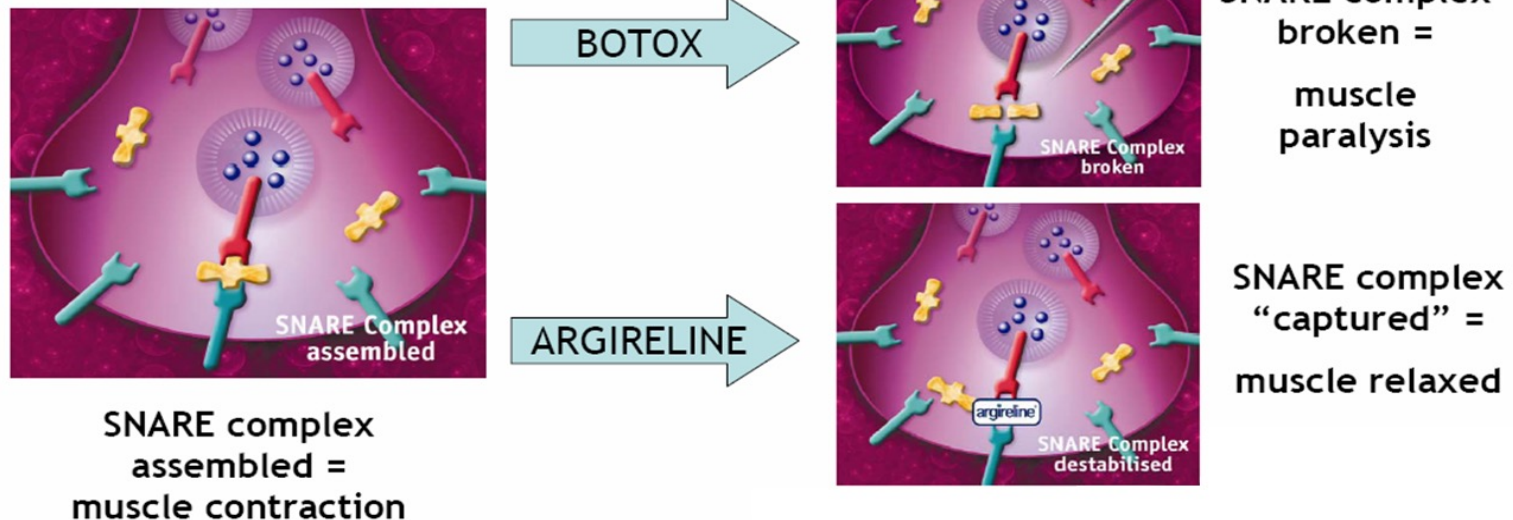

KEY INGREDIENTS

EyeCell EYE PEPTIDE GEL PATCH

Acetyl Hexapeptide-8

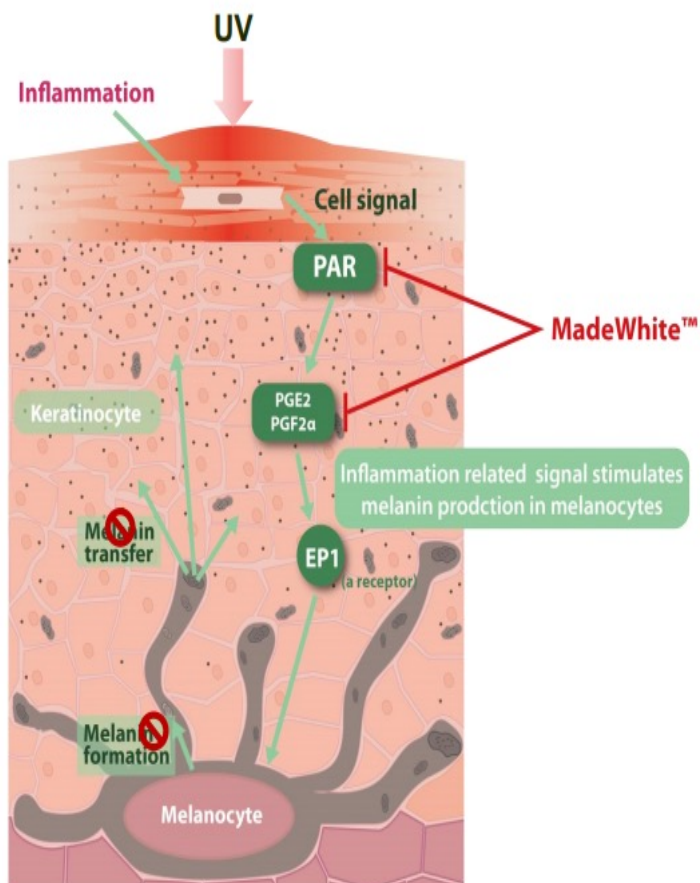

It is an anti-winkle factor which relaxes muscles. It relaxes facial tension leading to the reduction in facial lines and wrinkles with regular use.

- ▷ It targets the same protein complex as Botox, but in a completely different way

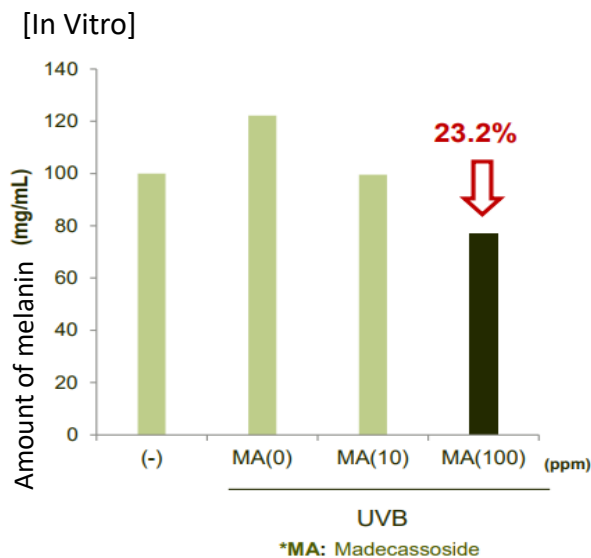

EyeCell EYE PEPTIDE GEL PATCH

Made White™

- Madecassoside complex patented for skin brightening
- By controlling melanin synthesis, it helps reduce pigmentation.

▷ Made White™ inhibits UV-induced melanogenesis in a co-culture system of keratinocytes and melanocytes.

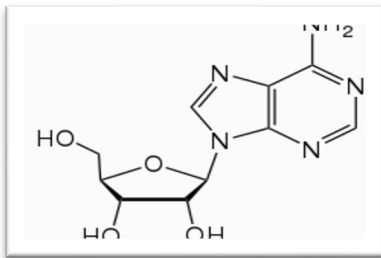

EyeCell EYE PEPTIDE GEL PATCH

Hydrolyzed Collagen

- It improves skin elasticity and keeps skin from sagging.
- It helps reducing wrinkles.
- It improves skin hydration.

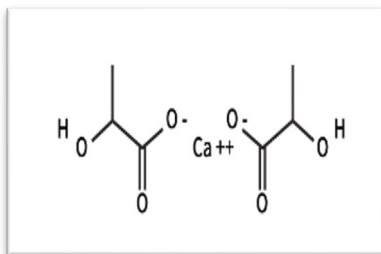

Adenosine

- It improves wrinkles by increasing collagen synthesis and skin moisture.
- It has anti-inflammatory properties.
- It promotes tissue protection and tissue repair.

EyeCell EYE PEPTIDE GEL PATCH

Niacinamide

- Amide of nicotinic acid (Vitamin B3)
- It even out skin tone and improves discolorations.
- It protects skin against oxidative stress.

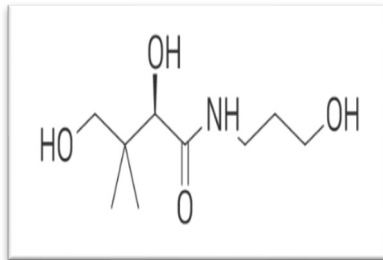

Centella Asiatica Extract

- Wound healing effect
- Antioxidation effect
- It promotes collagen synthesis.

EyeCell EYE PEPTIDE GEL PATCH

Panthenol

- Provitamin B5
- It provides deep penetrating moisture to skin.
- It reduces itching and inflammation of skin.

EyeCell EYE PEPTIDE GEL PATCH

Multi 12 Complex

Multi Ex BSASM™

MULTI CARE PLUS

- It prevents moisture loss.
- It shows an excellent anti-inflammatory effect by inhibiting the inflammation promoting substances.
- Saponins and flavonoids help to soothe the skin.
- Enriched minerals protect the skin.
